The C-MAC® Pocket Monitor
The premium class for the prehospital setting
C-MAC® video laryngoscopes (for single use)

- C-MAC IMAGER with C-MAC system interface
- C-MAC® S video laryngoscopes available as MAC #3, MAC #4 and D-BLADE versions
- Blade and handle form one continuous piece: Minimizes the risk of cross-contamination
- Compact design

C-MAC® S video laryngoscopes

- Standard MACINTOSH and MILLER blades for indirect and direct laryngoscopy of infants, children, and adults
- D-BLADE and D-BLADE Ped. with strong curvature for particularly difficult airway conditions
- The highest ergonomic requirements – specially designed and shortened handle
- Robust and lightweight: High stability and resistance to impact; light metal design

Prehospital intubation set, ULM model

- C-MAC® Pocket Monitor
- MACINTOSH laryngoscopes in sizes 3 and 4
- MILLER laryngoscope in size 1
- Two batteries with charging unit
- MAGILL forceps modified acc. to BOEDEKER (1x MAGILL forceps for children, 1x MAGILL forceps for adults)
- Intubation bag, ULM model
- C-MAC® PM connecting cable
Real-time documentation for quality assurance

- BlueButton enables images and videos to be recorded to internal memory and retrieved via the USB data cable.

C-MAC® Pocket Monitor

- New standard in image quality with more than 75 years of experience
- 3.5" OTI® (Open To Intubate) display with wide viewing angle of 160°
- High-contrast images, even in bright daylight
- IPX8: Water- and dustproof, validated for wipe disinfection
- Certified for air rescue: RTCA/DO-160F, MIL-STD
- Uninterrupted readiness at no extra cost thanks to exchangeable and rechargeable battery

Premium accessories

- The C-MAC® PM connecting cable allows flexible positioning of the monitor for difficult-to-access patients.
- The MAGILL forceps modified acc. to BOEDEKER are specially adapted to curved video laryngoscopes and thus enable foreign body removal and nasal intubation under endoscopic view.

It is recommended to check the suitability of the product for the intended procedure prior to use. Please note that the described products in this medium may not be available yet in all countries due to different regulatory requirements.
