Do you want to be able to perform and document internal inspections easily, quickly, and at any time?

The new smartphone adapter from KARL STORZ allows you to easily document endoscopic images on a smartphone. In combination with KARL STORZ scopes, the SMART SCOPE ensures excellent image quality, at an affordable price.

Pictures and videos are easily transmitted to the computer via your smartphone’s data transfer system. The SMART SCOPE can be adapted to every standard eyepiece and is compatible with various smartphone models. This easy handling ensures flexibility in every situation.
Plug & Play
Ready for use anywhere and anytime
Data recording and transmission
Knowledge sharing and consultation
Compatible with standard eyepieces and various smartphones
