

SEE MORE – GUIDING SURGEONS TO BETTER OUTCOMES

IMAGE1 S™ for 4K & Beyond Visualization

Part of the IMAGE1 S™ video architecture, this 4U technology seamlessly upgrades your surgical experience in the OR to 4K

- Anatomical details are distinguished with greater contrast and 64 times the color shades compared to HD
- Minimize the need to refocus the camera due to enlarged depth of field
- Experience less fatigue with a camera head that weighs less than half a pound
- Offers backwards and forwards compatibility with the IMAGE1 S™ Video Architecture
