

KARL STORZ CARTS FOR GI EQUIPMENT ENHANCED ERGONOMICS

Leading technology solutions — where you need them

This KARL STORZ cart is the ideal complement to our instruments and equipment for Gastrointestinal use during bariatric and colon resection procedures. The advanced stand has a multifunctional design that provides the advantages of a small footprint. The cart also offers —

- The secure and ergonomic holder is used to hang the GI SILVER SCOPE® Series scope once it is connected and prior to use
- An adjustable basket is used to store and transport accessories

KARL STORZ CARTS FOR GI EQUIPMENT ENHANCED ERGONOMICS

Leading technology solutions — where you need them

The KARL STORZ GI cart includes a reinforced, adjustable shelf for the proprietary GI light source and IMAGE1 S™ X-LINK module. Use of the GI Stand also enables use of picture-in-picture functionality of our IMAGE1 S™ system to toggle between views from one video tower. Use of a secondary tower is no longer needed for intra-operative GI endoscopy, offering increased room efficiency, enhanced ergonomics and potential cost savings.
