

THE STANDARD OF CARE IS WITHIN REACH

Introducing FLEXPack Service for C-MAC® Video Laryngoscopes

FLEXPack Service Agreements cover a set number of video laryngoscope replacements for any breakage of covered equipment over an optional 1- to 5-year term. With FLEXPack, you can purchase the number of replacements you need at a discounted rate. If the number of FLEXPack replacements is exceeded before the contract term ends, simply add more at the set discounted price.

FLEXPack options enable customers to:

- Manage repair budgets with predictable monthly service fees
- Measure and compare service on a cost-per-case basis
- Only purchase what is needed

THE STANDARD OF CARE IS WITHIN REACH

Introducing FLEXPack Service for C-MAC® Video Laryngoscopes

Video laryngoscopes are clinically proven to increase first pass intubation success rates compared to standard direct laryngoscopes. Thus, it is critical to have access to reusable C-MAC® Video Laryngoscopes to best support your airway management needs. Lower your total cost of ownership by adopting the FLEXPack program to support reusable C-MAC® Video Laryngoscopes repairs.

FLEXPack and C-MAC® Video Laryngoscopes: A winning combination

- Reusable C-MAC® Video Laryngoscopes provide quality optics and best in class performance — The FLEXPack program allows you to have access to these reliable and robust blades when you need them
- Ensure the benefits of maintaining the highest instrument quality and latest technology — at the lowest service cost
- Couple reusable C-MAC® Video Laryngoscopes with FLEXPack to enhance efficiency, predictability of cost, and safer patient outcomes
- C-MAC® Video Laryngoscope available sizes (MAC 0, 2, 3 & 4, MILLER 0, 1 & 2, and hyper-angulated D-BLADE in adult and pediatric sizes) allow coverage of a wider patient population and more procedures than single-use video laryngoscopes
